Dear FOIA Officer,

I am requesting certified copies of an eight-page Responsiveness Summary and one-page map issued by U.S. EPA for the Mahomet Aquifer System sole source designation made on March 11, 2015. Though I have working copies of the report and map from the webpage for the designation, I am needing certified copies to file with the court in mid-December.

The link to the designation website is <https://www.epa.gov/il/mahomet-sole-source-aquifer>

The link to the requested document is <https://www.epa.gov/sites/production/files/2016-02/documents/mahomet-responsiveness-summary-201503-8pp.pdf>

The link to the requested map is <https://www.epa.gov/sites/production/files/2016-02/documents/mahomet-ssa-project-review-area-map-20150210.pdf>

Please mail the certified copies to: WATCH Clinton Landfill Association, C/O David Holt, 5484 Madison Rd, Clinton, IL 61727

I have attached copies of both items that I downloaded from the U.S. EPA's archive site for confirmation purposes. Thank you for your effort and please contact me at the number below if there are any questions.

David Holt, Secretary-Treasurer  
WATCH Clinton Landfill Association
